

POETRY OUT LOUD

ORIGINAL POETRY

We know that many students like to write original poems, and we would like to recognize students' original work at our state contest.

If a student in your school enters the Poetry Out Loud competition, by submitting a video entry in the preliminary round, you are also invited to enter up to three original poems by students at the same time. The three poems can be written by the same student author or different students. The original poems should be eight to 50 lines and include the title of the poem and name of the author.

Three student poets will be selected to have their poems presented between rounds of the virtual state competition on March 15.
