Community Support 2017

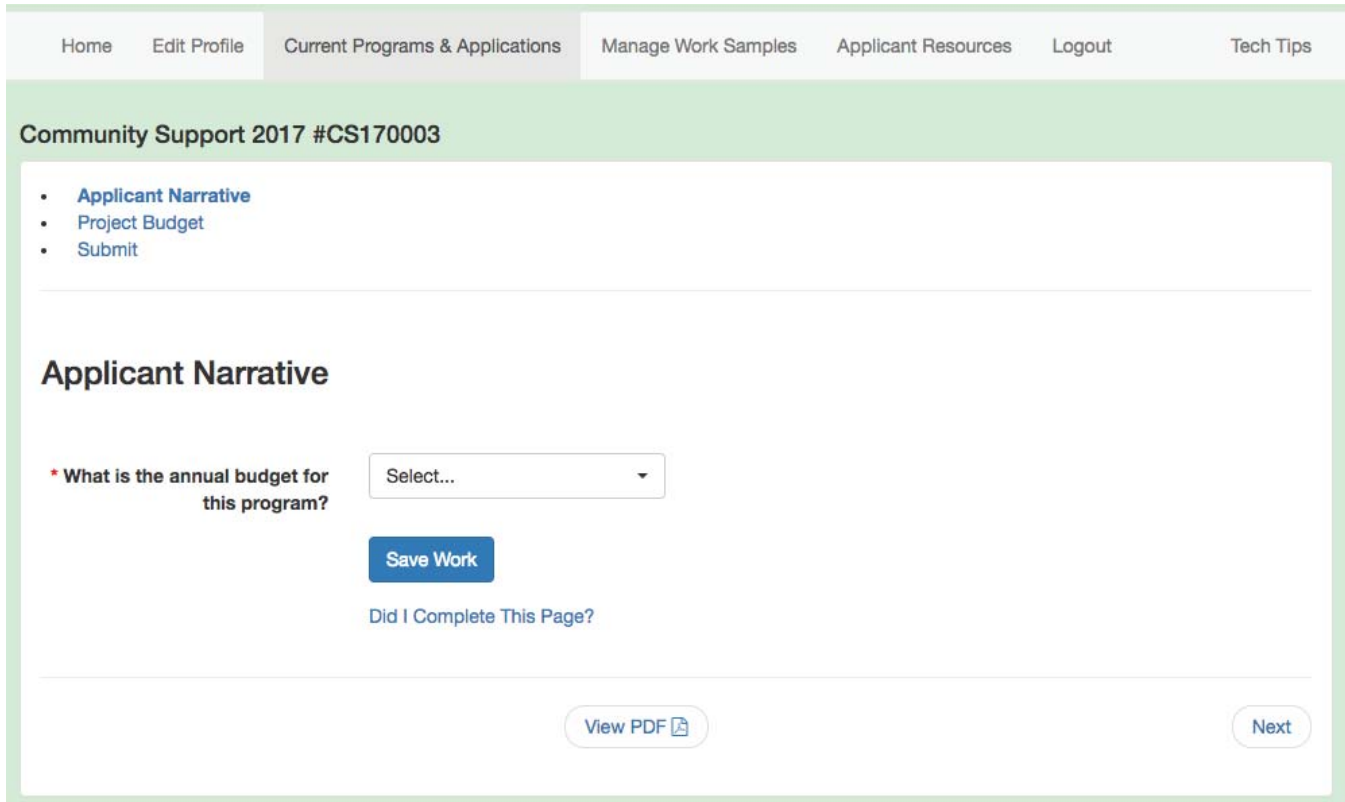

Program Description:
The Community Support Grant for 2017 offers grant funding to organizations that benefit the community in which they exist. Organizations must have an annual operating budget between \$10,000 and \$99,999. Applications will be used to determine the impact of your organization or project on the welfare of the community it serves.

Message about Program:
If awarded, this grant funding will be available for discretionary funding of the project from July 1, 2017 through June 30, 2018. You will need to provide an interim report by December 31, 2017 and Final Report on July 15, 2018 with proof of funds supporting your community.

Available:	April 11th, 2017 4:35 PM	START
Final Submission Deadline:	July 30th, 2017 4:35 PM	Preview

1. Navigate to the **Current Programs & Applications** tab to begin working on your application(s).
2. Scroll through your list of available applications, noting the **name** of the grant program in the gray bar along the top of each box (such as Community Support 2017 in the example above).
3. Learn more about the program by reading the included **description** and/or **message**.
4. If the application is currently available to you, click the **START** link to begin working on the application, or in some cases to begin the Intent to Apply or Eligibility form. If it is not yet available, you can click on the Preview link to view a read-only version.

WORK ON AN EXISTING APPLICATION

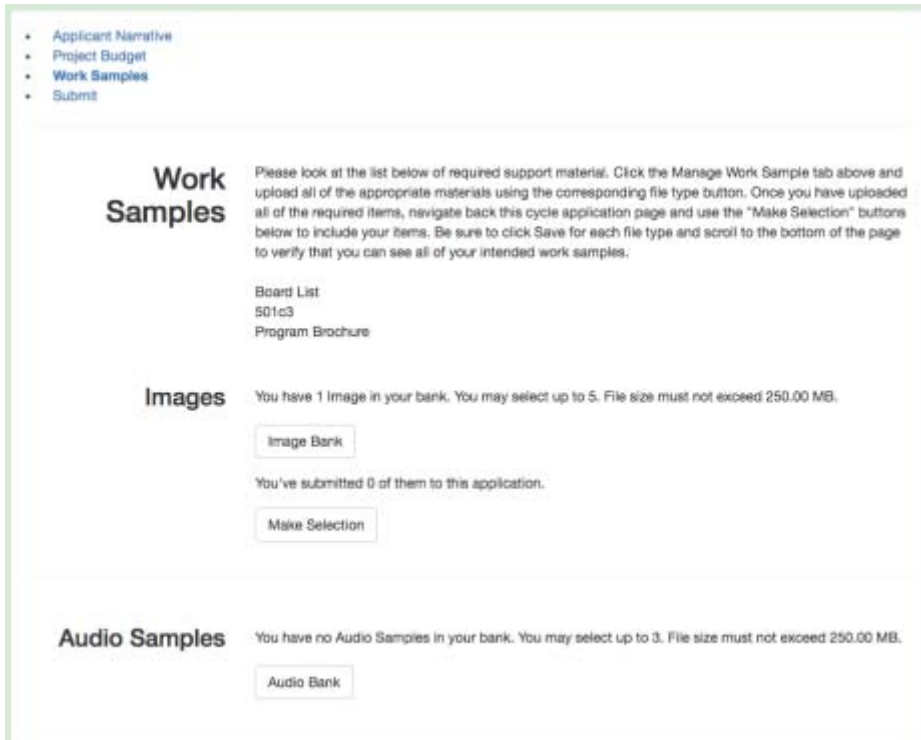

The screenshot shows a web application interface. At the top, there is a navigation bar with links: Home, Edit Profile, Current Programs & Applications (highlighted), Manage Work Samples, Applicant Resources, Logout, and Tech Tips. Below the navigation bar, the main content area is titled "Community Support 2017 #CS170003". Underneath, there is a table of contents with three items: Applicant Narrative (selected), Project Budget, and Submit. The "Applicant Narrative" section is expanded, showing a form with a question: "* What is the annual budget for this program?". To the right of the question is a dropdown menu with "Select..." and a downward arrow. Below the question is a blue "Save Work" button. At the bottom of the form area, there is a link that says "Did I Complete This Page?". At the very bottom of the page, there are two buttons: "View PDF" with a PDF icon and "Next".

1. Navigate to your grant program from the Current Programs & Applications tab. Select **START** or **EDIT** for the application item you want to work on. You can work on Intents to Apply, Applications, Interim Reports, and/or Final Reports. *Alternatively, we may create corresponding items such as Reimbursement Requests or Invoices that will be listed as separate programs on the Current Programs & Applications tab. We will provide you with the name of these items if you should be looking for them.*
2. Navigate through the item by using the **Table of Contents** OR by using the **Previous** and **Next** buttons at the bottom of the page. *Your application will look different than the short example above.*
3. Click **Save Work** at the bottom of **EVERY** page before clicking Previous, Next, or the title of a different page in the Table of Contents.
4. Where available, click the "**Did I complete This Page?**" link at the bottom of any page to check if any required item was not answered.
5. Use the **View PDF** button at the bottom of any page to view your application exactly as admin and panelists will view your application.
6. **Submit** your application item on the final page of the table of contents. Once you submit the item it becomes Read-only and can only be edited upon request to us.

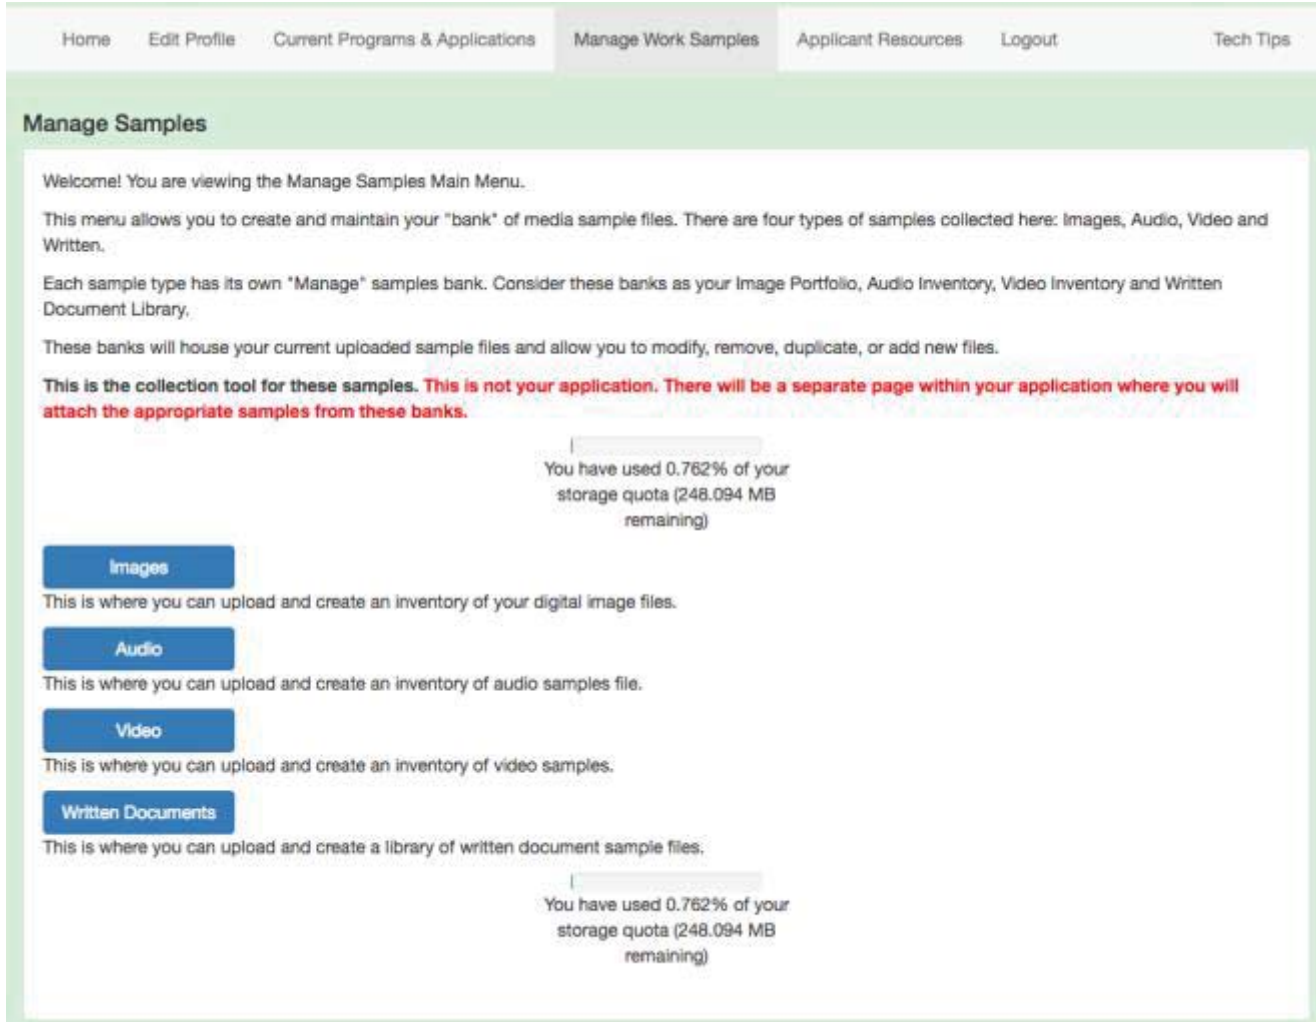

WORK SAMPLES PAGE

One of the pages within your application may give you the opportunity to use an **Image Bank** and/or **Make Selection** button, as shown in the example below. If you see these buttons you are on a **Work Samples** page. In order to utilize this page, you will need to use your Manage Work Samples tab to upload items that you will then attach to this page. Within the application, this page may be called Work Samples or something else such as Support Materials, Media Attachments, etc.

1. If you have not yet uploaded items to your Work Sample bank, you can click Image Bank button and follow the steps provided.
2. When you are ready to attach files from your Work Samples bank to the appropriate application, navigate to **Current Programs & Applications**.
3. START or EDIT the Program and find the **Work Samples page** (remember this might have a different name).
4. Click the **Make Selection** button for the corresponding file types.
5. **Check the box** next to the desired item(s).
6. Click **Save** then **Close Window** and ensure that the item(s) appear at the bottom of the Work Samples page.

MANAGE WORK SAMPLES

The screenshot shows a web application interface for managing work samples. At the top, there is a navigation bar with links: Home, Edit Profile, Current Programs & Applications, Manage Work Samples (highlighted), Applicant Resources, Logout, and Tech Tips. Below the navigation bar is a header section titled "Manage Samples".

Welcome! You are viewing the Manage Samples Main Menu.

This menu allows you to create and maintain your "bank" of media sample files. There are four types of samples collected here: Images, Audio, Video and Written.

Each sample type has its own "Manage" samples bank. Consider these banks as your Image Portfolio, Audio Inventory, Video Inventory and Written Document Library.

These banks will house your current uploaded sample files and allow you to modify, remove, duplicate, or add new files.

This is the collection tool for these samples. This is not your application. There will be a separate page within your application where you will attach the appropriate samples from these banks.

1. After learning which materials you should attach to your application, navigate to your **Manage Work Samples** tab. If you are on a Work Samples Page, you can click the "Image Bank" button.
2. Artistic documentation submitted for review is an important component of your application. If you don't know your work sample requirements, navigate to your cycle application Work Samples page or review the "Artistic Documentation" Page.
3. Click the buttons (shown in the example above) of the **file type** you would like to upload to your Work Samples Portfolio.
4. Review our **guidelines and direction** in these sections.
5. **Upload the files** you would like to include in any of your applications.

TROUBLESHOOT WORK SAMPLES TAB

When using the Work Sample tab, you may run into some questions with regards to the tool. After you have uploaded items to any of the file-type banks, you will see a handful of options and messages.

- Buttons: [detail view](#), [modify](#), [remove](#), [duplicate](#)

Image 2:

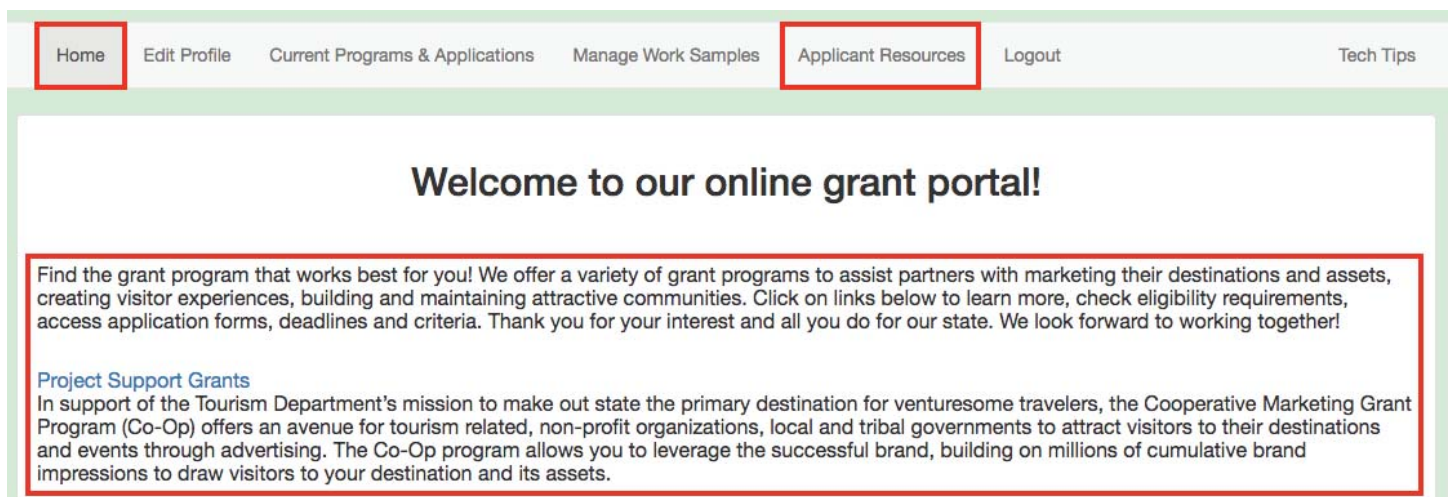

- title: FLOWER OF DATABASES
- file size: 0.817 MB
- dimensions: 36" x 36" x 2"
- completed: 2015
- description: See the use of flower?
- Permission granted for marketing use.
- Buttons: [detail view](#), [duplicate](#)
- Note: This sample is committed.

1. Use the **Detail View** button to review information you included when you uploaded the item
2. Click **Modify** to edit and save any changes to an existing file
3. Click **Remove** to delete an existing file from your Work Sample Bank. This will **free up space** to upload additional items.
4. If **Modify and Remove are not available** and you see that the sample is **committed** (as in the right example), this indicates that the item is currently attached to an application that is In Progress. If you need to modify or remove the item, you will need to either **submit** the In Progress application or **detach** the item from the In Progress application.
5. Alternatively, you can **duplicate** the committed item, **update** the details, **change** the name, **save** and **attach the modified duplicate** to the appropriate application(s) on a Work Samples page.
